## DETAILED ACTION

This office action is a response to the after final amendment filed on 7/6/2004.

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention such as the surface acoustic wave device made of a first metallic thin film including tantalum and a second metallic thin film including tantalum as a principal component and alpha-tantalum as at least a portion of the tantalum of the second metallic thin film is arranged to utilize shear horizontal waves. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 12-15 and 17-20 are allowed.
